CIBSE Daylighting Group**

Is Daylighting Still a Factor in Design?

Is Daylighting Still a Factor in Design?

Chair: Dr Patrick Ryan (Chair SFE Events Committee)

During the evening we will explore the question of daylighting design as it affects the building facades we are designing today. This joint meeting will be an important event for all building professionals involved in facades and lighting, with two eminent speakers and the opportunity for questions. We look forward to seeing you there.

Our speakers will be:

Dr Luisa Brotas Arch PhD ARB RIBA
MSc Course Leader Architecture, Energy and Sustainability LEARN Low Energy London Metropolitan
University

Florence Lam MA (Cantab) MSc CEng MIET MCIBSE MSL
Director, global leader of Arup lighting

Venue:
The Institution of Structural Engineers
11 Upper Belgrave Street
London SW1X 8BH

6.00pm (for 6.30 start) – 8.00pm Wednesday 18th January 2012
